

CSE 4308/5360

Assignment 0

Please read the following carefully and put your name and ID number to acknowledge that you have understood it.

Attendance Policy Acknowledgement:

Students are expected to attend all lectures. Attendance in the lectures will be part of your final grade. Any material that the student missed will not be covered again in class. At random points during the lectures, I will conduct in class quizzes. The scores of these quizzes will be used as part of your final grade. Absence from classes may be excused, with appropriate documentation, for illness, critical family emergencies, military service obligations, observance of major religious holidays, and certain university service commitments. Documentation regarding any reasons for absence must be provided to the instructor by the end of the week of the missed lecture. If the student is unable to attend a class due to approved or personal reasons, it is the student's responsibility to use the slides/videos posted online or the lecture archives on canvas and the textbook to learn the content and to contact either the Instructor or the TA to clarify any doubts.

As a student enrolled in CSE 4308/5360, I will adhere to the attendance policy given above.

Name:

ID Number:

Honor Code Acknowledgement:

I pledge, on my honor, to uphold UT Arlington's tradition of academic integrity, a tradition that values hard work and honest effort in the pursuit of academic excellence.

I promise that I will submit only work that I personally create or contribute to group collaborations, and I will appropriately reference any work from other sources. I will follow the highest standards of integrity and uphold the spirit of the Honor Code.

As a student enrolled in CSE 4308/5360, I will adhere to the UT Arlington Honor Code given above.

Assignment Policy Acknowledgement:

There will be several assignments with programming and written tasks in this course. If you find yourself in an emergency and cannot deliver homework on time, immediately inform the instructor. Also, while working with other persons on non-graded example problems from the textbook is a good way to help you develop your understanding and insight into the techniques of problem solving, homework solutions must be your work only. Violations of this will not be tolerated and result in severe penalties for all parties involved, in strict compliance to official UTA policy.

Programming tasks in assignments must be in base versions of C, C++, Python, Java or must run on the ACS machine omega (All students will have an account on the ACS machine omega). Note that Omega compatibility is not required (just recommended). If any partial code is provided as part of the assignment, it will generally be only provided in a limited number of languages. However, you are under no obligation or requirement to use it. Additional details will be announced in class. All homework submissions (written and programming) must be submitted via Canvas. No other methods of submission are accepted.

*The points each assignment graded out of will be provided as part of its description. Assignments submitted late will be automatically penalized, at a rate of **1% of max points per 10 minutes late**. **Note that for some assignments, Late submissions may not be accepted** (such assignments will be announced in class beforehand). The submission due time (and the time the link will be available till) will be shown in canvas. Exceptions will only be made for documented emergencies, in strict adherence to UTA policy. Computer/Network crashes, Submission of Incomplete files, Submission of Incorrect Files, Submitting at Incorrect Link are **NOT** acceptable excuses for late submissions. **No exceptions will be made**. To avoid problems with such crashes and last-minute problems, students are encouraged to submit as early as possible. They are also advised to ensure that their file was uploaded correctly before submitting it. You can always revise your submission till the deadline. If you are unable to work on/submit an assignment due to a valid documented reason (illness, critical family emergencies, military service obligations, observance of major religious holidays, and certain university service commitments) one makeup assignment may be provided that will be due during finals week.*

As a student enrolled in CSE 4308/5360, I have read and understood the assignment policy described above.

Name:

ID Number:

Exam Policy Acknowledgement:

*There is no Final Exam. There will be two exams in this course. All exams will have equal weight. No exam scores will be dropped. The exams will be held on campus as **in-person exams**. Students will be required to wear a face covering and follow the classroom use procedures outlined by the university (available on the course webpage and on canvas) to be allowed to take their exam. Failure to follow the procedures will result in the student being asked to leave and being given a score of 0 for the exam. All exams are open notes. These notes will have to be submitted along with your exam (more details will be given in class). Students are also allowed a non-programmable calculator.*

*Absence from exams may be excused, with appropriate documentation, for illness, critical family emergencies, military service obligations, observance of major religious holidays, and certain university service commitments. Requests for excused absence, and documentation for such absences, must be provided as soon as possible. In case of excused absence, a makeup exam will be setup and conducted by the instructor. **Even if the reason for an absence/non-attendance is valid, a request for an excused absence/re-attempt will be rejected if provided later than the day of the exam.** The dates for all the exams are subject to change. Any changes will be announced in class at least a week in advance. Students are expected to be available till the last day of finals week. No accommodations will be made if the student will miss an exam due to being unavailable before the last day of finals week.*

As a student enrolled in CSE 4308/5360, I have read and understood the exam policy described above.
